The Boys & Girls Clubs of Greater Waterbury has been a part of the Waterbury community for over 100 years. Our goal is to provide every child with the essential tools needed for a successful and bright future. Since 1888, the vision of the Club has grown and changed with the needs of our children. As the needs of our children and their families continue to change, so will the dynamics of our programs and services. The Club is a member of the Boys & Girls Clubs of America, and is one of over 4,000 Clubs serving approximately 4 million youth world wide.

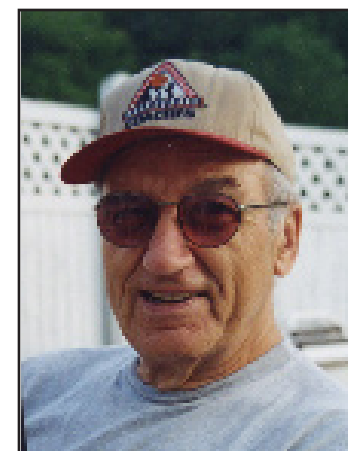

Every day, the Club staff strives to improve each child's life by implementing programs to encourage the development of self-esteem, courage, positive values, and a well-rounded moral compass. Our youth come to the Club to receive tutoring, computer training, learn athletic skills, homework help, mentoring, art education, and character development. Our youth gain confidence by developing a sense of usefulness, belonging, competence and influence.
