

HEALTH AND IMMUNIZATION ATTESTATION

(this form may be used for children newly enrolled during the COVID 19 declared emergency)

I hereby attest that my child has:

- Been enrolled to attend a legally operating child care program or school which has been temporarily closed due to the COVID-19 virus
- Current documentation on site at that facility of a current health record in accordance with section 19a-79-5a(a) of the regulations for licensing child care centers and group child care homes, or section 19a-87b-10(b) of the regulations for licensing family child care homes
- Current documentation on site at that facility of current age-appropriate immunization, immunization-in-progress or exemption from immunization against diseases, in accordance with section 19a-79-6(e) of the regulations for licensing child care centers and group child care homes, or section 19a-87b-10(k) of the regulations for licensing family child care homes.

I further attest that my child does not have a disability or health care need that requires special care be taken or provided while at the child care program unless otherwise specified below.

Child's Name

Date of Birth

Signature of Parent/Guardian

Printed Name

Date _____

The purpose of this form is to allow for enrollment without the above referenced documentation. This documentation will be required for continued enrollment beyond the duration of the declared state of emergency.

STATE OF CONNECTICUT

DATE: March 16, 2020
TO: Providers of Services to Young Children
FROM: Beth Bye, Commissioner
RE: Coronavirus Memo #7
Child Care Waivers

The Connecticut Office of Early Childhood (OEC) provides the following information in response to the many questions and concerns that it is receiving pertaining to the COVID 19 situation.

In an effort to support programs that choose to remain open, the Commissioner has granted the below waivers of licensing requirements during the period of the current declared state of emergency. **These waivers will cease when the declared state of emergency ends.**

- Licensed youth camps may extend their operating days under the terms of their current license to operate during the period of the declared state of emergency provided such additional operating dates are reported to the OEC [CT General Statutes Section 19a-420(1)]
- Health and immunization records on file prior to the declared state of emergency for children enrolled in licensed child care centers, group child care homes, family child care homes and youth camps which expire during the declared state of emergency are acceptable. Health and immunization records for children that have been attending a legally operating child care program or school that has been temporarily closed due to COVID 19 virus are not required provided the parent attests in writing that the child is up-to-date with physical examination and immunizations and provides information regarding any disabilities and/or special health care needs [Regulations of Connecticut State Agencies ("Regulations") Section 19a-79-5a(a)(2), 19a-79-6a(e), 19a-87b-7(a)(1), 19a-87b-10(b)(2), 19a-87b-10(k), 19a-428-3(a)]
- Staff training including first aid, CPR, C4K health and safety, and administration of medication training for licensed child care centers, group child care homes, family child care homes and youth camps that expire during the declared state of emergency will fulfill the training requirements [Regulations Section 19a-79-3a(b)(7), 19a-79-4a(e)(2), 19a-79-4a(e)(1), 19a-79-4a(g), 19a-79-9a(b), 19a-79-13(b), 19a-87b-6(c), 19a-87b-17(b), 19a-87b-18(b), 19a-428-2, 19a-428-5(a), 19a-428-6(a)(2), 19a-428-7(b) and health and safety requirements for C4K providers]
